AAPG Bulletin
Index of Volume 76 (1992)*

The format of the 1992 *Bulletin* index consists of titles, authors, and keywords. Beginning at the left, column one references a regular *Bulletin* article (BU) or a *Bulletin* abstract (BA). Column two indicates the volume and issue numbers (7602 = volume 76, issue number 2). Column three gives the page number. Column four indicates whether the entry is by title (T), author (A), or keyword (K). The fourth column is the entry itself. Please note that this index does not show multiple authors in any one listing; each author is listed separately.

BA 7603 425 T 1991 reservoir assessment and electrical generation forecast for California's liquid-dominated geothermal reservoirs
BU 7607 1076 T 1992 AAPG international conference and exhibition; abstracts
BA 7607 1108 T A case of drowning; death of a carbonate platform in the South China Sea
BA 7607 1091 T A critical assessment of the application of aromatic hydrocarbons to source and maturity studies on oils and associated source rocks
BA 7609 1471 T A glimpse at the suspected oldest commercial reservoir in the Gulf Coast province
BA 7609 1466 T A high-resolution local sea level curve from detailed mapping of the Wales Sand interval (Wilcox Group, Paleogene), LaSalle and McMullen counties, South Texas
BU 7606 895 T A model for classifying and interpreting logs of boreholes that intersect faults in stratified rocks
BA 7604 577 T A multidiscipline look at the Thistle Field area, Pecos County, Texas
BU 7608 1170 T A new approach to shale compaction and stratigraphic restoration, Beaufort-Mackenzie Basin and Mackenzie Corridor, northern Canada
BA 7607 1118 T A new method of mapping reserves in heterogeneous gas reservoirs
BA 7607 1129 T A plate kinematic framework for the evolution of basins in North New Guinea
BA 7603 422 T A regulator's perspective on environmental investigations
BA 7609 1459 T A relationship between critical and irreducible water saturations
BA 7607 1106 T A synthesis of regional elements of the Papuan fold and thrust belt of Papua New Guinea
BA 7607 1116 T A tectonic model for Queensland's Tertiary oil shale deposits
BA 7604 581 T A three-dimensional reflection seismic survey over the Dollarhide Field, Andrews County, Texas
BU 7603 318 T A two-dimensional model of overpressure development and gas accumulation in Venture Field, Eastern Canada
